## NORTHWEST NOTES

### Rough Sea Off Columbia.

Astoria, Ore.—Reports from the mouth of the river are that the bar continues very rough with a high sea running outside. During the storm Sunday morning, about 300 feet of the outer end of the jetty trestle was carried away.

### Lights Match; Blows Up.

Albany, Ore.—Waking up last night believing some one was in her home, at Waterloo, Rose Osborne struck a match, and when she threw it toward the floor as the flame died out, the match fell in an open powder box near the bed. The girl was terribly burned in the explosion which followed, but will probably live.

### Arrested for Forgery.

Sandpoint, Idaho.—J. A. Horn, who was arrested here Saturday on the charge of forgery, has been taken to Coeur d'Alene, where he has been wanted for some time on the same charge. His arrest was brought about here by an attempt to pass two forged checks, one for \$15 and the other for \$50 to E. E. Teague, a jeweler here.

### Fruit Men Organize.

Dufur, Ore.—About 50 of the prominent fruitgrowers of Dufur valley met at the Commercial club rooms in this city Saturday and organized the Dufur Valley Fruitgrowers' association. The object of the association is for the advancement of the fruitgrowing industry in Dufur and vicinity. The association begins its career with a membership of 30.

### Indians Form Society.

Lewiston, Idaho.—Leaders of the Nez Perce Indian tribe will meet in Kamiah November 26 to organize an Indian society for social and political purposes. The movement has the approval of Chief Moses and is expected to grow into a large and powerful organization. It will be the only one of its kind in the northwest, if not in the United States.

### Douglas County Turks.

Roseburg, Ore.—Douglas county turkey shipments this season for the Thanksgiving trade in the Philippines, Portland, Seattle and San Francisco are: Oakland, Ore., eight tons; Roseburg, 12 tons. Turkeys will average 12 pounds each. It will take 1,000 birds to supply the home trade. Three thousand birds were shipped from here to Manila for the soldier boys' Thanksgiving.

### Cove Has Good Team.

Cove, Ore.—Cove high school football team is one of the best in eastern Oregon and has made a record this season, rolling up 64 points with 12 against them in four games. Thanksgiving day this team will play a return game with the La Grande high school at La Grande, the first game between these teams played at this place a few weeks ago when there was a tie game of 5 to 5. Since then Cove has won two games from the

### COFFEE

Poor coffee has to be sold in bulk, it isn't worth packing.

Your grocer returns your money if you don't like Schilling's Best; we pay him

Elgin high and others, and it now stands a good chance of winning the championship of Union county.

### Fund Is Now \$31,000.

Eugene, Ore.—The pulpits of all Eugene churches were filled Sunday by representatives of the Y. M. C. A. in different parts of the state and they have made strong appeals to have Eugene citizens support the present canvass for funds. The sum of \$31,000 has been pledged and the balance of the \$50,000 fund it is hoped will be raised in the next three days.

### To Drain Potter Swamp.

Burns, Ore.—The Pacific Livestock company is digging a canal near this city to drain the Potter Swamp, which is fed by two warm springs, and has not channel enough to carry the amount of water that these springs turn out. The company is digging a ditch 60 feet wide and three feet deep to carry off the water so it can use the land for pasturing stock. The canal will be about three miles long from the swamp to Silver river.

### Eat Raw Clams to Live.

Vancouver, B. C.—Dr. F. E. Morgan, formerly of Toronto, Wilbur Greer of High River, Alta., and George Clements, of Vancouver, narrowly escaped death by having their fishing boat wrecked off Dundas Island, west of Prince Rupert. For two weeks they were missing. When their boat was smashed on the rocks they clung to the pieces until they reached shore, where for a week they subsisted on raw clams.

### Head Hidden in Brush.

Missoula, Mont.—Ghastly evidence of what is believed to have been murder was found this morning in Dead Man's gulch, 12 miles south of Missoula, when four soldiers from Fort Missoula, discovered the head of an unknown man partly hidden beneath a pile of brush. No trace of a body could be found there. The head is that of a white man of about middle age; the upper lip bears a mustache, and there is a large bald spot on the top of the head.

If you suffer from constipation and liver trouble Foley's Orino Laxative will cure you permanently by stimulating the digestive organs so they will act naturally. Foley's Orino Laxative does not gripe, is pleasant to take and you do not have to take laxatives continually after taking Orino. Why continue to be the slave of pills and tablets? Pendleton Drug company.

### PHILADELPHIA TO GOTHAM IN AN HOUR IS NEW PLAN

Pennsylvania Railroad to Electrify Lines and Install Engines Capable of Running 120 Miles an Hour.

Philadelphia, Nov. 24.—Close on the heels of the electrification of the Pennsylvania from Harrison, a Newark suburb, to Long Island City, comes the official statement today that the system from Manhattan and Jersey City to Philadelphia will also be electrified and that the running time between New York and Philadelphia will be reduced to one hour, thus placing William Penn's city practically on the outskirts of New York. The Westinghouse company is al-

ready at work on the new engines, which will be capable of a speed of 120 miles an hour.

An official of the Westinghouse company at Newark stated today that it would take but a short time to completely electrify the entire New York division, and that the work will be started simultaneously from both this end and New York.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

### LEAVES SON-IN-LAW FIFTY CENTS TO HANG HIMSELF

Philadelphia, Pa.—The feeling entertained by the late George D. Wolf of Somersale, towards Charles W. Wenzel, his son-in-law, is shown in the following paragraph in his will, which was admitted to probate today: "Fifty cents to be paid to my son-in-law, Charles W. Wenzel, a native of Huntington, Pa., to enable him to buy a good, stout rope with which to hang himself."

The deceased left an estate valued at \$10,500.

To those afflicted with kidney and bladder trouble, backache, rheumatism, Pains for the Kidneys brings relief with the first dose. Hundreds of people today testify to their remarkable healing and tonic properties. 30 days' trial \$1. They purify the blood. A. C. Koeppen & Bros.

"Two Dollar" Violin Worth \$6000. James H. Rowland, an old Montmouth Park farmer, who lives near Eatontown, N. J., bought an old violin at an auction sale two years ago for two dollars. An expert who examined it yesterday declared that the farmer's antique instrument is worth more than \$6000.—New York World.

Bee's Laxative Cough Syrup always brings quick relief to coughs, colds, hoarseness, whooping cough and all bronchial and throat trouble. Mothers especially recommend it for children. Pleasant to take, gently laxative. A. C. Koeppen & Bros.

### Robbed a Sheep Camp.

Richard Jenkins and Arthur Quigley have been arrested on the charge of robbing J. S. Cameron's sheep ranch near Roza, in Kittitas county, and have been taken to Ellensburg. One of the men has confessed.

### Lardless Cookery.

Horseless carriages, wireless telegraphy, and now lardless cookery! Lard has, from time immemorial, held sway in the kitchen, but it has one fatal objection—it is indigestible. Nine-tenths of the indigestion with which the American nation is afflicted is due to the use of pork and its by-product—lard. Recognizing this, The N. K. Fairbank Company, Chicago, have placed on the market a vegetable oil cooking fat, Cottolene, which can be used in every way that lard or butter can, and which makes delicious, digestible and nourishing food. It is recommended by physicians, even to invalids, and it is cheaper than lard, one-third less being required.

## "TEXAS" PLEASED SMALL AUDIENCE

GOOD PLAY WELL PRESENTED. ED BY STRONG TROUPE.

Rural Western Production Was Evidently Written by Man Who Had Seen the West—Life and Blood Drama by Cast That Had Seen Something Besides Pictures of Cowboys.

From the box-office standpoint, last evening "Texas" at the New Oregon was a failure—or at least a near-failure. From the standpoint of the audience the play was quite the reverse, and as a drama of the not-mellow sort it was certainly good.

"Texas" was an eastern conception of the west—or southwest, and was really a recognizable conception. The man who wrote the play evidently had been west of the Mississippi river, and at least one of the actors had seen a cowboy before he played the part. The one in particular referred to here was Allen St. John, as "Okie-horny," who in spite of a normally erect figure was keen enough to observe that the man who wore chaps was usually bow-legged, and he was bow-legged with a vengeance.

The story of "Texas" is not altogether new, but it moves naturally, and that is a lot. The cowboys in the play might have ridden the range in eastern Oregon, except for the extra ornamentation of their "lay-outs," and for the most part the people did as real people do—perhaps there was a slight tendency to overact on the part of Ted Griffin as Pasquale and maybe Bernard Fairfax as Lord Trevor was too much on the ramrod style—it matters little for the rest were real people, Miss Shelby as Texas, Mr. Conway as "Freshwater Jack," Harry Matland as Colonel West, Miss Bridges as his wife, Miss Cockwood, the pretty Miss Clifton and all the rest. They were real, living people, "Texas" was a flesh and blood play, and as such the management had a real reason when it advertised "money back if you're not satisfied." The reason was: it felt safe.

### "RAGMUFFIN DAY."

New York Children Planning to Observe Peculiar Custom.

New York, Nov. 24.—Day after tomorrow will be "Ragmuffin Day" in the metropolis. Empty thousands of little children are preparing to band themselves into a fantastically arrayed army of beggars and celebrate Thanksgiving by asking alms from adult pedestrians. The man who fails to provide himself with a plentiful supply of pennies and nickels with which to placate the beggars, before venturing on the street, is likely to fare ill at the hands of the little angels.

Zaw! a stocking full of flour whacks you over the head.

Zaw! A fish horn disrupts your eardrums.

But what's the use of getting mad? It's only a bunch of Thanksgiving day "Ragmuffins," out for their carnival. Give them a nickel and they'll let you alone.

There are thousands of them all over New York on Thanksgiving day, kids of all shapes, sorts and sizes, arrayed in the funniest, weirdest motley you can imagine. They make the day hideous, and raise the dence generally.

But where on earth did the custom originate? People from out of town who visit New York on Thanksgiving day look in astonishment at the ragmuffins parading the street and say, "What a strange custom. We don't have this at home." No more do they. The Thanksgiving Ragmuffin is New York's all through.

### ROOSEVELT IS REQUESTED TO COERCE CARLISLE TEAM.

President Is Asked to Make the Indians Keep Their Date for Denver.

Denver, Col., Nov. 18.—President Roosevelt has been asked to use his influence in having a contract between representatives of Denver university and the Carlisle Indian school for a football game between the

eleven of the two schools, lived up to.

The game is scheduled for December 5, in this city. Yesterday Manager Garland of Denver university, received word from Carlisle that the game was off; that leave of absence could not be secured for so long a journey.

Subsequently the local college people learned that the Indians had not canceled their date with the Nebraska university at Lincoln, a part of their western tour, and they at once asked the president through former United States Senator Patterson, to request that the Indians be given the leave necessary.

### WIVES MAY GO THROUGH POCKETS OF HUSBANDS.

Washington, Nov. 18.—A woman has some rights, and they include the searching of her husband's pockets, according to a decision of Judge Mulowney of the District of Columbia police court.

"It shows the interest a woman has in you," the court held. "It shows that she loves you. A woman who does not go through the pockets of her husband does not love him. You have been married long enough to know a woman has some rights."

The defendant, George Ridgeway, was arrested yesterday on his wife's complaint that he threatened to knock her head off, and he objected to his wife taking liberties with his pockets while he slept.

Ridgeway was put under bond to keep the peace.

### BABY DOWN 22-FOOT WELL.

Father Hails Church Service and in Nine Hours It Is Dug Up.

Guthrie, Okla.—James Williamson, who is homesteading a claim on Hackberry creek, dug a well 22 feet deep and eight inches square, then left it open Sunday.

His 18-month-old baby backed into the hole and shot to the bottom, feet first.

The people of the community were holding religious services when, rushing into the building, Williamson halted the preacher and told of the accident.

Every man in the congregation went to Williamson home and with shovels and spades they worked in relays for nearly nine hours until a hole was dug big enough to permit the child to be rescued.

Baby Williamson was not at all hurt, but very hungry.—New York World.

### INDIAN MAIDEN CANNOT FATHOM WAYS OF WHITES.

North Yakima.—The complexities of marriage and divorce are too much for Rosa Puyette, an Indian of the Yakima reservation. Rosa was married some years ago to Samuel Puyette, but has not been living with him for some time, though she neglected to get a divorce. Later she became attached to Joe Butler, and lived with him without the formality of a marriage.

Rosa might have gone on in her primitive ways had not the Indian agent at Fort Simcoe refused to pay over some money due her, unless she got a divorce from her husband and married Butler, or else leave Butler and live by herself. With the best of intentions Rosa came up to North Yakima recently and was married to Butler, returning to Simcoe to proudly exhibit the marriage certificate, only to find that she was no better off than before. The special agent says that as she was recognized as the wife of Puyette when allotted, and has not been divorced, he does not see how the latter marriage can be recognized.

### Has a New Marriage Doctrine.

A new doctrine of domestic economy, promulgated by Dr. W. N. Ferris, of Big Rapids, Mich., has caused Chester county schoolmasks to wonder what is this world coming to, anyway. The doctor is one of the instructors at the county teachers' institute, and he impresses on his hearers his opinion that no woman has a right to marry until she is able to support a husband.—Philadelphia Record.

Harry Brown says he began the day just right—he started in with Folger's Golden Gate Coffee which had been ground fresh that morning.

## WAS DELIRIOUS WITH ECZEMA

On Chest, Back, and Head—Pain, Heat, and Tingling Were Excruciating—Nerves in Exhausted Condition—Sleep Badly Broken.

CURE BY CUTICURA SEEMED LIKE MAGIC

"Words cannot express the gratitude I feel for what Cuticura Remedies have done for my daughter, Adelaide. She is fifteen years of age, and had never had anything the matter with her skin until four months ago, when an eruption broke out on her chest. The first symptom

was a redness, and then followed thickening and blisters, which would break and run matter. I took her to a doctor, and he pronounced it to be eczema of a very bad form. He treated her, but instead of being checked, the disease spread. It showed itself on her back, and then quickly spread upwards until the whole of her head was affected, and all her hair had to be cut off. The pain she suffered was excruciating, and what with that and the heat and tingling her life was almost unbearable. She became run down in health, and at times was very feverish, languid, and drowsy, and occasionally she was delirious. Her nerves were in such a low state that she could not bear to be left alone. In spite of the cold weather she would insist on having her bedroom window open, and would lean out on the window-sill. She did not have a proper hour's sleep for many nights. The second doctor we tried afforded her just as little relief as the first, and I really do not know what we should have done if we had not read how Cuticura cured a similar case. I purchased Cuticura Soap, Cuticura Ointment, and Cuticura Pills, and before the ointment was three-quarters finished every trace of the disease was gone. It really seemed like magic. Her hair is coming on nicely, and I still apply the Cuticura Ointment as I find it increases the growth wonderfully. Mrs. T. W. Hyde, 1, Ongar Place, Brentwood, Essex, England, Mar. 8, 1907."

Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (50c.) to Purify the Blood. Sold Everywhere. Folger Drug & Chem. Corp., Sole Props., Boston, Mass.

### Corner Stone Laying at Tacoma.

The corner stone of the new federal building at Tacoma will be laid with appropriate ceremonies Saturday afternoon. The orators of the occasion will be Governor Mead, Bishop Frederick William Keator, former Senator Adolph G. Foster, Mayor John W. Linck.

### WHAT CAUSES DYSPEPSIA?

And Incidentally Constipation, Coated Tongue, Nervousness, Headache and Other Symptoms.

Did you ever know that the stomach is a churn? That just as soon as you are done eating, the healthy stomach commenced to roll the food around, and mixes it thoroughly with the juices of the stomach?

And did you know, dear reader, that if the stomach is run down or flabby, so that it cannot do the churning, that dyspepsia is the result?

If the food is not churned, it lays heavily on your stomach, turns sour, and causes all kinds of distressing symptoms, such as headache, coated tongue, constipation, etc.

And so, as every physician will tell you, the way to cure dyspepsia is to fix the churn, or in other words, build up the stomach so that it will properly mix the food.

If you have dyspepsia and want to get rid of it before it gets rid of you, go to Tallman & Co., the druggists, and get a large box of Mi-o-na tablets. The cost is only 50 cents, and every reader of the East Oregonian is welcome to his or her money back if Mi-o-na does not cure.

Mi-o-na has cured thousands of the worst and most obstinate cases of indigestion. It quickly cures sea sickness and vomiting of pregnancy.

Mi-o-na is the great stomach tonic, one or two tablets will stop sea or car sickness, vomiting of pregnancy, and will instantly tone up the worn out stomach the morning after the social session.
